BUYING SCARE SLOWS DOWN

Markets Say Shoppers in Calmer Mood

A buying scare touched off Wednesday when a Los Angeles Civil Defense official issued warnings about home stocks of food has eased off in local markets, according to a check by The HERALD. The near-panic buying started Wednesday afternoon following an announcement in Los Angeles by Joseph Quinn, city Civil Defense director, that the President has authority to shut down retail stores for five days in the event of a national emergency. Quinn advised housewives to have a two-week supply of food on hand.

Quinn had hardly completed his announcement when the shoppers hit the markets. The HERALD was told.

BY EVENING, many shelves had been stripped—especially those stocked earlier with canned staple goods. Not all shoppers confined their purchases to such items, however. One clerk reported that one shopper purchased two shopping carts full of frozen TV dinners.

Others were stocking up on special diet foods, bottled water, and vegetables.

A film, "Protection Factor 100," will be shown at the Nov. 5 meeting. It is being made available by the California Disaster Office.

Local Man Convicted For Dope

Jerry Sciarrotta, 24, 2119 Andreo Ave., has been convicted of narcotics possession and freed on two years summary probation. His conviction came Friday in the Superior Court of Judge Maurice C. Sparling in Long Beach on a stipulated statement submitted to the judge.

Sciarrotta, son of Councilman Ross A. Sciarrotta, was arrested by Long Beach police after he informed them Sept. 28 that a narcotics party had been planned. Police said Sciarrotta took marijuana to the party site so police would be sure to find something.

Two co-defendants, including 27-year-old Emmett J. DeBennet of 2443 Gramercy Ave., will be tried Dec. 5. The pair pleaded innocent to possession charges Friday.

Council Gets New Proposal For Downtown

Allocation of \$100,000 from the city's funds now earmarked for off-street parking in the downtown area to be used instead for widening of streets has been requested by the Downtown Redevelopment Committee, and will be considered by the City Council at 5:30 p.m. Tuesday. It carries the recommendation for approval from City Manager Wade Peebles.

Chairman William H. Tolson of the committee said widening of certain of the downtown streets would increase on-street parking by 26 per cent, and would provide center-street parking, curb parallel parking, and the planting of trees and other landscape architecture construction in the area.

City Manager Peebles, in the report scheduled for consideration Tuesday, said "this would be a step in the right direction. I recommend approval."

Formation of an assessment district among property owners in the downtown area of the city has been under way and will result in the purchase of additional parking lot areas when completed.

Other matters scheduled to come before the City Council Tuesday include formal hearings on a request by John and Fred Iwata for conditional use permit for property at 23870 Ocean Ave. to permit sale of firewood and related materials; a change of zone for Robert Schimmick at 1851 Sepulveda from C-1 to C-3; for change of zone or variance to permit operation of a nursery school on Park Street north of Newton Street; and for a variance sought by Maurice Wisdom for a second dwelling at 18313 Roslin Ave.

To be considered will be a resolution urging approval of Proposition 1-A on the Nov. 6 ballot, and another requesting the State Department of Finance for a population estimate of the city.

Scheduled for final adoption is an ordinance regulating "glue-sniffing."

A Penny for your Thoughts

"What do you think of President Kennedy's action concerning Cuba?" the Pennies Inquirer asked.

Mrs. J. Kenneth Edwins, 19910 Saltee Ave.:
 "I was very happy to see it come. I think we should all support President Kennedy whether we're Democrats or Republicans. The action is past due."

Mrs. B. H. Alexander, 5039 Carmelynn St.:
 "Actually I think it should have been done a long time ago. I'm for it. I just hope President Kennedy can prevent war with the action taken."

Mrs. Philip C. Hughes, 5006 Deleane St.:
 "Good if we follow through. It's about time in other words. We should stick to the quarantine and not back off. We should keep our word."

Mrs. Thomas Hoffmann, 5118 Carmelynn St.:
 "I think it was good. I'm surprised it wasn't done sooner. I hope he makes the stand firm. The advantages offset the possibility of war. If left the way it was the situation in Cuba would have gotten worse."

Mrs. Gilbert L. Fries, 5207 Paseo Tortugas:
 "I think it was about the only thing he could do. I'm not losing any sleep over it but I'm not oblivious to the matter. I would hate to have it carried through to actual combat but I also hate to see us back out. I think the action was necessary and should have taken place sooner."
